

PITZHANGER MANOR

Pitzhanger Manor was the country home of Sir John Soane, one of the most influential architects in British History. Soane designed many wonderful buildings but Pitzhanger is unique because it was designed, built and lived in by Soane himself.

We will discover the rich history between artist JMW Turner and architect John Soane, exploring the friendship and the artistic influences they shared. Our guided tour offers a unique glimpse into the lives of two prominent figures of the Royal Academy.

Following the tour you will be free to explore the manor, gallery and grounds independently.
