

# The Wimbledon Museum

**19th March at 11.00am**

The Director of the Wimbledon Museum Jacqueline Laurence has kindly invited a number of us to visit and view the Museum's spring exhibition entitled Objects of Enchantment.

Alastair Gordon has been the artist in residence at the Museum over the last few months and whilst there has studied many of the Museum's artefacts, delved into their history and subsequently transformed them into finely observed drawings and then into the richly detailed paintings you will see.

Jacqueline has arranged that Alastair will be there during our visit to talk about his observations, interpretations and paintings.

Spaces are limited to 15 people. There is no charge for the visit but if you enjoy your time in the Museum donations would be welcomed.
